SPIRIT OF THE PRESS.

If Mayor Burke and the board of aldermen aren't having a parrot and monkey time with the city of Burlington then the information at hand is entirely unreliable.—Hardwick Gazette.

This appears to be a freak year for picking fruit out of season. From all parts of the state come reports of strawberries, raspberries, and similar dainties ripening in October. A few candidacies that have been ripe a few times before and were left to wither on the stalk are also seen to bud again in blushing hope.—St. Albans Messenger.

Vermont needs one or two good old fashioned hangings and this epidemic of murders that is afflicting the state will come to an end. In the opinion of this paper the silly talk about abolishing the death penalty which some papers delight to indulge in has something to do with the alarming increase in the number of these crimes.—Swanton Courier.

Good for that Poultny justice of the peace! Let his name be remembered. Justice Walker. He fined an Italian fifty dollars for shooting robins. If this treatment would extend to other sections the law would be held in greater respect and the public would be pleased. The Italian workmen in and near Rutland have all summer created great havoc among robins and other birds. No variety of insectivorous or singing birds have escaped their pot, and these birds have been practically exterminated by these poachers. A few more Justice Walkers are needed.

Patrick D. Lavery, son of Mr. and Mrs. Richard Lavery, died at his home in Orwell, Monday Oct. 13, of consumption. His funeral which was held from St. Paul's Catholic church Wednesday was one of the largest ever seen in town, thus showing the high esteem in which the young man was held. About forty-five members of the C. O. F. of both Shoreham and Cornwall, the latter of which the young man was a member, attended to pay their last respects to their dead comrade. The floral tributes were beautiful and costly, there being a pillow from the C. O. F., besides many cut flowers from sympathizing friends. Mr. Lavery was a young man of fine character and excellent habits, and we can but mourn his untimely death. He showed even in his last moments a Christian fortitude and a willingness to go to his eternal home.

However watched or tended,
But one dead lamb is there;
There is no home,
However watched and tended,
But has one vacant chair."
